BRITISH-IRISH DELEGATES "STALL" TILL ELECTIONS

Griffith in London, but Without
New Draft of Constitution;
Troops in Erin Busy

LONDON, June 7.—With quiet reigning on the border in Ireland, and even the nightly killings in Belfast reduced to the normal of prewar murders, the British and Free Staters are determinedly stalling until the South Ireland parliamentary elections on June 16 before a showdown on the constitution, and a revision of the imperial government's demands.

Arthur Griffith arrived in London today, not with a written draft of the constitution comprising the alterations which the Lloyd George Cabinet insisted on last week, but merely to discuss these changes and to seek compromise agreements and phraseology in the formulae for the existing obnoxious clauses or unsatisfactory conditions.

It is reported that Michael Collins and Mr. Griffith have given assurances to Mr. Lloyd George that they will do their utmost to accept the British viewpoint once the elections are successfully over, but they warned against any compromise of real decisions of the constitution until the eve of the elections.

The British Cabinet welcomes the reports that a number of independent members were nominated, but fears are expressed that an overwhelming majority will withdraw under pressure. The elections will not be able to cast their votes freely.

BOULDER CANYON

Delegation Project Development De-
velopment Agreement With Commission

LOS ANGELES, June 7.—President Harding today indicated to the White House from Southern California that the development of Boulder Canyon and other projects in the Colorado River Commission with the Federal Government is the use of the water and the development of the stream.

President said he considered the possibilities of the aid to the enlargement of the municipal activities of the Los Angeles plan to monopolize for the city or cities of Southern California the manufacture and distribution of hydroelectric power.

Mayors of Riverside, San Diego and two other California cities were present, as were also Chief Engineer Scattergood of the Los Angeles Electric Power Department, Ralph Crivelli, president of the Los Angeles City Council, and Representatives Osborn, Lindeberger and Swing.

RAIL HEADS CONFIDENT

Strike Talk Not
Feared

Executives in Signed State-
ment Declare Men Don't
Want to Walk Out

CHICAGO, June 7.—Declaring that there is no talk of a strike among railway workers the presidents of six Chicago roads tonight issued a joint statement charging that all threats of a walkout were based on rumors.

The statement, which was signed by H. E. Hyman of the Chicago, Milwaukee and St. Paul; Hale Holden, the Burlington; W. H. Finley, the Northwestern; J. E. Dorman, Rock Island; C. H. Markham, Illinois Central; and R. M. Pelton, Chicago, Great Western, said in part:

ONE KILLED AS EXPRESS IS DERAILED

Washington-Buffalo Train
Jumps Track; Several Are
Injured

PHILADELPHIA, June 7.—The train that left the city tonight at 11:15 a.m. was derailed by a freight car which had jumped the track. The locomotive and several passenger cars were derailed. One man was killed and several others injured.

Whale School on Way North Sighted at Sea

NEW YORK, June 7.—Learning that a school of whales was sighted off the coast of New York, the U.S. Navy dispatched a patrol to investigate. The whales were sighted on June 5.

SENATOR REED TAKEN ILL DURING SPEECH

CARUTHERSVILLE (Mo.) June 7.—United States Senator James A. Reed became suddenly ill here tonight while making a speech in his campaign for the Democratic nomination for the United States Senate.

REMEMBER THIS

Good luck is a lazy
man's estimate of a
worker's success.

REDS GIVING NO GROUND

Yankee Demands

Los Angeles Daily Times

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos del Times que estudian esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Un conocimiento práctico del español es de grandísima utilidad en este país, especialmente en el suroeste; como lo demuestra el hecho de que en Los Angeles solamente, hay más de 15,000 personas que estudian ese idioma con profesores oficiales o particulares. Para esos estudiantes será un buen ejercicio leer todos los días esta sección, donde encontrarán las palabras y frases más usuales del lenguaje español.

NOTAS TELEGRAFICAS

Washington

WASHINGTON, junio 7.—Dijo hoy el ministro de Comercio Hoover que le complacía ver que los senadores Borah y Walsh van a ceder al arreglo de la situación de los mineros de carbón.

Hoy declaró el senador La Follette de Wisconsin, que la senaduría de la Suprema Corte en el asunto de la compañía carbonera Coronado, contra los Operarios Mineros Unidos, es una maldad, pues deja ver lo que será el porvenir de las minas obreras en este país.

El senador Watson, de Indiana, dijo que no concuerda con el ministro de Estado respecto a sus cargos de que los diplomáticos extranjeros se estaban mezclando en el asunto de los aranceles americanos, dijo que dicho asunto se había dado por terminado.

El senador aprobó los derechos sobre aranceles de fisco del proyecto de arancel, los que habían sido calificados por los demócratas como una propuesta a las compañías, y que los republicanos calificaron de "algo elevado".

Los agitadores en favor de la anexión de las Islas Filipinas a la Casa Blanca con una bandera, en una inscripción preguntan al Procurador General Daugherty si será preciso, que "contratara" Felder para liberar a sus padres.

Harding Apoya el Proyecto de Presa de Boulder

WASHINGTON, julio 7.—Hoy recibió el presidente Harding una delegación de californianos que solicitaron de él acción federal en el proyecto del río Colorado. Dijo que el presidente los aseguró que se interesaba en el asunto y estaba decidido a ayudar para que el proyecto se lleve a término.

En la delegación iban los diputados Swing, Osborne y Linberger; el Alcaide John L. Bacon, de San Diego, y Ralph Criswell, presidente del Ayuntamiento de Los Angeles.

Apoyarán a Brookhart

WASHINGTON, junio 7.—En declaración publicada hoy por el senador McClellan, de Illinois, presidente del comité de campaña, senador republicano, se ofrece formalmente apoyo a Smith W. Brookhart, que como candidato de la candidatura de senador de los Estados Unidos en las primarias de Iowa, el lunes, Brookhart derrotó en las primarias a los candidatos de la "organización".

NOTAS LOCALES

Esta Ciudad Va a la Cabeza en Desarrollo Postal

Los Angeles va a la cabeza en la lista de ciudades en punto al crecimiento de tráfico postal, según dice un mensaje llegado anoche de Washington. Las cifras de los meses de mayo y junio de 1921, en aquel distrito, se comparan con las de los meses de mayo y junio de 1920, y se ven que Los Angeles tiene las más fuertes ganancias. El aumento de ingresos durante el mes de mayo de 1921, para Los Angeles, fue de \$59,074.19 para San Francisco; de \$21,874.66 para Portland; y de \$20,590.23 para Seattle. En la columna de los meses de mayo y junio de 1921, Los Angeles tiene las más fuertes ganancias. El aumento de ingresos durante el mes de mayo, para Los Angeles, fue de \$59,074.19 para San Francisco; de \$21,874.66 para Portland; y de \$20,590.23 para Seattle. En la columna de los meses de mayo y junio de 1921, Los Angeles tiene las más fuertes ganancias.

ARE YOU WORRIED

NEVADA CITY, June 7.—A sentence of from one to fourteen years was imposed here yesterday on Segundo Rodriguez, convicted of conspiracy to rob the bullion vaults of the North Star mine. Motion for a new trial was overruled by Superior Judge Jones. Two other alleged conspirators are yet to be tried on the same charge.

KEEPING PRICE OF COAL DOWN

Secretary Hoover Makes His Report to Senate

Still Trying to Bring Two Sides Together

Has No Power but Persuasion; Welcome Help

(BY A. P. MONT WIRE)

WASHINGTON, June 7.—Efforts of the government to bring operators and miners together, with a view to settling the coal strike now in progress were disclosed for the first time today by Secretary Hoover in a statement to the Senate in compliance with a resolution of inquiry introduced recently by Senator Walsh, Democrat, Massachusetts.

"Quite informally and repeatedly," Hoover's statement said, "suggestions as to propositions on which the disputants might well confer and hope for settlement have been made through the Department of Labor and this department, or both, but thus far these suggestions have been without result."

The Secretary prefaced his statement with the declaration that the efforts had been made in the belief that "governmental agencies have no legal authority to terminate a strike for settlement of the coal strike."

PRICE BOOSTING PREVENTED

Measurable success has been obtained, however, Mr. Hoover added, in the government's efforts to prevent large price increases resulting from the industry's tie-up through informal conference with the operators. He made the same point clear in a telegram sent from Youngstown, O., today to the coal section of the Commerce Department, in connection with press reports that Senators Borah, Republican, Idaho, and Walsh, Democrat, Massachusetts, had held conferences with a delegation of retail coal dealers with a view to "restraining" coal prices.

"I am delighted to learn," the telegram said, "that Senators Borah and Walsh have taken on the job of restraining coal prices with the retailers or other parts of the coal trade. The field is clear for any action they may desire to take, and no action has been taken beyond the responsibility assumed in public interests of making each individual operator that he should in the future not exceed the last Garfield war prices with changes up and down as the altered conditions would warrant, and I have made the statement that such changes would not exceed a maximum price in the average of 25 cents below the Garfield scale in some districts or about 50 cents above in others."

The result has been to reduce the strike prices as much as 15 cents in certain districts and should save the public from a further ascent to \$10 or \$15 in mine prices as in 1920.

ASKS CONGRESS' HELP

"If Congress will provide a better emergency method I will indeed be glad if they would do so," the administration has no power, but persuasion and the willingness of the majority of the operators to co-operate. In some instances, as many retailers have upward of thirty days supply on hand of prestrike coal, much of it from districts of short rail haul. I hope the Senators will get the retailers to comply with my request that the retailers do not mark up the price of this coal to the public."

Hoover, upon his return here tomorrow, is to meet with operators from Fayette county, Pennsylvania, to discuss a maximum fair price of coal at the mines in that district.

CALIFORNIAN GIVES SECRETS TO FARMERS

CO-OPERATIVE ORGANIZER IS INSTRUCTING EASTERNERS HOW TO PROCEED

(BY A. P. MONT WIRE)

BELOIT (Wis.) June 7.—The trouble with farm prices is that the producer sells on the basis of the law of supply and demand at the point of production and not at the point of consumption," Aaron Spiro, California co-operative organizer declared in an address before 1000 farmers in Beloit.

Mr. Spiro is advising in the re-organization of milk marketing concerns and Wisconsin tobacco growers' association now being formed.

The co-operators interest not only the farmer, but every merchant and banker supported by the farmer. The retail business is dependent on the farmer purchasing power. Pools take out the speculation and establish merchandising for the farmer so that he is assured of a fair, safe and stable income. Organization of farmers means prosperous cities. That is why cities where there are pools in California are the most prosperous."

HUSBAND OF PRIMA DONNA IS JAILED

WELL-KNOWN SAN FRANCISCO MAN SEVERELY INJURED BY CHAUFFEUR

(BY A. P. MONT WIRE)

CARMEL, June 7.—Floyd Glosch, chauffeur-husband of Mrs. Margaret Matzenauer, operatic prima donna, who is now suing him for divorce, was arrested here last night on a charge of battery. He is said to have had a fist fight with Peter Hannah, son of a wealthy San Francisco family, at the home of a mutual friend, Mrs. Lettie Fraites. He was released on \$200 bail.

Hannah is in a hospital at New Monterey, suffering from a fractured jaw, lacerated tongue, discolored eyes and other injuries. Seven months ago he was summoned to the scene of the fight by the young daughter of the hostess, who said excitedly over the telephone that Glosch was threatening her mother, according to Hannah's report. Hannah said that upon his arrival he found Hannah in a semi-conscious condition. No report of the cause of the supposed fight was given out.

STAND WITH BIG BUSINESS

Captains of Industry Feel Free to Consolidate

Administration Will Keep Hands Off if Legal

Government in Close Touch and Makes Inquiries

(EXCLUSIVE DISPATCH)

WASHINGTON, June 7.—Requests for information as to how the present Federal authorities regard the corporation consolidations that are now taking place are coming up from many quarters. Apparently the captains of industry feel that they are free to proceed with plans for consolidations.

Within the last month two steel combinations have been announced. One taken place in the Pittsburgh district, one tobacco combination has been formed and other combinations are in progress.

The government has been in close touch with all that has been going on all along this line, and it is not greatly concerned. It is true that the Department of Justice is keeping its eyes on the purpose of satisfying itself that the anti-trust law is not being flagrantly violated, and that the Federal Trade Commission is keeping watchful eyes on the proceedings so as to be sure that fair competition is not stifled.

PAY NO ATTENTION

Congress is passing the usual number of resolutions of inquiry but not much attention is being paid to its activity in connection with consolidation. What the country would like to know, and what it probably will learn in time, is whether the Harding administration is disposed to hold a liberal view in regard to the organization of so-called trusts.

The administration has made no secret of the fact that above all else it desires to see business go ahead in the United States and throughout the world. If the ruling minds in the administration can be convinced that prosperity will be advanced through the consolidation of the activities of the various who are interested in the various combinations that are taking place, it is reasonable to assume also that the administration will not put any serious obstacles in the way of the combinations that are taking place.

The hunt for trusts to attack in the courts was started in the early days in the Roosevelt administration. In the Roosevelt administration nearly all the great combinations of capital were called into the Taft administration was taken to task in some quarters because it did not follow up the trust policy of the Roosevelt administration as the anti-trust crowd thought it should. The inclination of the Taft administration was for court decisions. In due time a considerable line of decisions was rendered by the United States Supreme Court and others by the Supreme Court.

NO REAL GUIDE

Big business asserts that it has never been able to discover an uncertainty in the decisions. The decision of the Supreme Court in the United States is a general guide, but it is not a guide in the sense that it is not clear as to what may be lawfully done under the anti-trust law.

After all the question as to whether great combinations of wealth are to thrive free of government interference depends on the policy established by the administration that happens to be in power. The question today does not relate so much to what the court should decide with respect to trusts as to how the new administration regards them.

Woodrow Wilson, in his eight years in office was not much of a trust hunter. His administration was always willing to afford capital a fair chance. Early in his first term, President Wilson instructed his official family that his business was not to be based on the belief that public sentiment has been undergoing a change in its attitude toward great combinations. The World War, it is asserted, is responsible for this change. Concomitant with this change has been the throwing a brick when combinations of capital were mentioned, has even enacted legislation which authorizes combinations to engage in foreign trade.

WASHINGTON TRYING TO OUST JAPANESE

LAW PREVENTING ALIENS FROM OWNING PROPERTY BASIS FOR ACTIONS

(BY J. DAY WIRE)

SEATTLE, June 7.—The first of a series of suits to be brought in an attempt to oust Japanese and other aliens alleged to be holding agricultural land in King county in violation of the State antialien land law will be filed in the Superior Court tomorrow. Prosecuting Attorney Malcolm Douglas announced today.

Ninety-one cases of alleged violation of the law in the county are under investigation, according to Mr. Douglas. Dispositions of many of them, he said, would depend upon the outcome of a case to be heard by the Supreme Court next week in which the county will be asked to have reversed a decision of a lower court ruling that aliens ineligible to citizenship may hold land under trust provisions.

If the county is successful in its suits, some of the most fertile land in the county will be taken from the possession of aliens, it was stated at the prosecutor's office. The law provides that aliens ineligible to citizenship, may not lease or purchase agricultural land, but may inherit it or receive it by foreclosure of a mortgage, providing it is disposed of within twelve years after the date of foreclosure.

Today in the 18th performance of the Mission Play at old San Gabriel.—[Advertisement.]

Orpheum Audiences Are Thrilled By Exquisite Music

It is a consolation to attend the Orpheum this week to witness the appreciation shown for music of the highest order. There are two outstanding numbers on the program this week that prove Jazz is not King of Music after all.

With an extremely artistic, atmospheric background,

GEORGE HALPRIN PLAYING A STEINWAY PIANO

In a manner worthy of that Piano of the Masters, accompanist Marge Waldron, Premier Dancer, in her dramatically clever character dances. This unusually interesting act will be repeated next week.

Another act which arouses enthusiasm is

DAVID SCHOOLER SOULFULLY PLAYING THE STEINWAY PIANO

portraying the subtle influences of finest music, with lovely women symbolizing his inspirations.

The Steinway Holds the Center of Attention Throughout the Performance

The sonorous tone of the Steinway reaches every part of the theater at the slightest touch of the performer. The dignity of its appearance is impressive.

Mr. Halprin and Mr. Schooler, especially requested the use of the Steinway Piano.

Geo. J. Birkel Co.

Corns?

—just say
Blue-jay
to your druggist
Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a cushion, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists. *Proven White Ointment & Plaster, Dept. 22, for reliable book, "Correct Care of the Foot."*

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by
**Lydia E. Pinkham's Veget-
able Compound**

Lake Michigan.—"About a year ago I suffered with irregularities and at times was obliged to stop my work. I doctored with one family physician and finally he said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may wish this letter if it helps. I am, Mrs. M. SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound and Mrs. Sherman's experience is simply another case showing its merit.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Compound?

FEATHERS FLY IN KERN JAIL

Prisoners Join in Melee as
Quarrel Grows

City Treasurer Robinson of
Bakersfield Resigns

Demand Officials of Taft
Quit Before Recalled

(SPECIAL INVESTIGATION)
BAKERSFIELD, June 7.—De-
tails of a riot among the prisoners
of the County Jail were revealed
today when F. O. Feathers, a pris-
oner, swore to a complaint of bat-
tery against William Roster, an
other inmate of the jail, before
Justice Frank W. Bunnell. Roster
was sentenced to pay \$100 fine
and serve 30 additional days in
jail. He denied his intention of
serving out the fine, also.

Feathers, in his complaint, stated
that Roster had assaulted him and
beat him brutally in one of the
cells on June 5.

It was said that the fight grew
in proportion when the rest of
the prisoners became enraged at
Roster's actions. However, the
battle soon ended when Deputy
Sheriff Charles Headstrom ap-
peared on the scene and separated
the principals.

Roster has been serving time for
assaulting a local woman. At the
time, he was employed by a car-
nival company, playing here, as a
pugilist and wrestler. The subject
of his attack, Feathers, is a small
man. It is said the fight was pro-
voked when Feathers cursed his
larger cellmate.

TREASURER QUIT

The Council accepted the resig-
nation of City Treasurer A. W.
Robinson, effective next Monday.
The board of appointing a suc-
cessor to Robinson, was deferred
until that time. A name was sub-
mitted for consideration, but the
nomination was withdrawn when
City Attorney E. F. Brittan said
that his information of the char-
acter was that a nonresident could
not be appointed to a city office.
Robinson is leaving the city's em-
ploy, after several years of faith-
ful service, to enter private busi-
ness.

KLAN ISSUE

TAFT, June 7.—A broadside was
thrown into the City Council Mon-
day night a few minutes before
adjournment when A. O. Lora of
the West Side Bottling Works
called upon members of the Council
who are or have been members of
the Ku Klux Klan to resign from
their positions, save the expense
of a recall and give the citizenry
an opportunity to get back where
they could boost together for the
welfare of the community. Love
was roundly applauded when he
concluded his speech.

Mayor H. C. McClain was the
only one who responded to the
request for resignations.

"As far as I am personally con-
cerned," said McClain, "I feel that
the voting public put me into this
office and it is no more than
right and fitting that they should
remove me. It is a question for
the people alone. If I am not elig-
ible to hold this position, then I
am not eligible to appoint a suc-
cessor who would meet with pub-
lic favor."

This is the first public utterance
of any member of the Council as to
probable action in the face of a
request for resignations.

**OWNERSHIP OF NOTED
MINE IS DECIDED**

ALEXANDER ESTATE GETS ONE
OF CANADA'S BEST
PRODUCERS

(BY A. P. DRY WIRE)
VICTORIA (B. C.), June 7.—
Ownership of the famous Engineer
Mine, Alta. B. C., one of the best
producing properties in British
Columbia, passed to the estate of
Capt. James Alexander, according
to the decision of the Appeal Court
handed down yesterday.

Capt. Alexander, one of the vic-
tims of the Princess Sophia disas-
ter, released them in 1917, and
held it until his death despite
claims of the original owners that
he had wrongfully looted over
them.

While the matter has been drag-
ging through the courts, Allan I.
Smith of Philadelphia, to whom
Alexander willed the mine, which
is valued at approximately \$1,000,-
000, died and ownership went to his
estate. It is expected that an ap-
peal will be taken.

**ENGINEER'S MEET
IS NEARING AN END**

(BY A. P. DRY WIRE)
HOUSTON (Tex.), June 7.—Dis-
cussions continued to occupy the
attention of delegates at the con-
vention of the Brotherhood of Lo-
comotive Firemen and Engineers
here today. With the selection of
the next convention city tomorrow
officials said the meeting probably
would be ready for final adjourn-
ment tomorrow evening.

J. A. McBride of New York and
F. L. Lewis of Houston, Okla.,
were chosen vice-presidents at to-
day's forenoon session. Detroit,
Cleveland, Cincinnati and
Montreal have asked for the next
meeting.

A BABY whose organs
have long been known to be
in a state of decay, and who
is generally the favorite of
doctors, and many other
detracting influences. One half
a bottle of Dr. Caldwell's
Syrup Pepsin will cure it.

**DR. CALDWELL'S
SYRUP PEPSIN**
THE FAMILY LAXATIVE

Dr. Caldwell's Syrup Pepsin is the
largest selling laxative in the
world, used by mothers for 30 years.
It is a combination of the best
and most reliable laxative herbs with
pepsin, the most potent remedy you
can give a baby.

BEAUTY PARLOR HURTS WOMAN

Scalp Ripped Off and Hair
Pulled Out by Electric
Curling Machine

(BY A. P. DRY WIRE)
MARION (N. C.), June 7.—
Mrs. J. G. Beaman is in a
critical condition today as a
result of injuries suffered in a
beauty parlor here when all
of her hair and more than
half the scalp were torn
from her head when her
hair became entangled in an
electrically operated curling
machine.

**FIELD ARTILLERY
SCHOOLS TO MOVE**

CONCENTRATION AT FORT SILL,
OKLA., ORDERED BY SEC-
RETARY WHEELS

(BY A. P. DRY WIRE)
WASHINGTON, June 7.—Deci-
sion to concentrate all field artil-
lery schools at Fort Sill, Okla., was
announced today by Secretary
Wheeler, who approved that feature
of the report of a board of officers
recently appointed to study the
Army school system and make rec-
ommendations for elimination of
duplication in the course and
reduction of administrative costs.

Under the new orders the artil-
lery officers' basic school at Camp
Egan, Ky., and the artillery school
officers' school at Camp Bragg,
N. C., will go to Fort Sill, where
schools for artillery officers and
related specialties already are lo-
cated.

The lighter-than-air schools will
be concentrated at Fort Belvoir,
Ill., including the balloon
school from Ross Field, La. An-
gel, and the dirigible school from
Langley Field, Va. Technical
schools for the air service will be
located at Chautau Field, Ill., the
mechanical school, the photograph
school, from Langley Field, and the
communication school from Fort
Sill, being in the group, while the
air school for field officers will re-
main at Langley Field.

**SON OF DEMOCRATIC
CHAIRMAN IN JAIL**

ARRESTED IN WASHINGTON
ON CHARGE OF PASSING
WORTHLESS CHECKS

(BY A. P. DRY WIRE)
WASHINGTON, June 7.—An-
drew T. Durbin, son of William
Durbin, chairman of the Ohio
State Democratic Committee, was
pleaded not guilty in police court
today to a charge of passing worth-
less checks on a Washington hotel.
He waived arraignment and was
held for the grand jury under
bond of \$10,000. A regulation also
was presented by police authori-
ties. Cleveland was told the
charges against Durbin had been
filed against Durbin at Cleveland.
Durbin, when taken into cus-
tody Saturday, asserted that his
case was a short while after he
had given Senator Watson of
Georgia information regarding
high officials of the Department
of Justice in alleged illegal with-
drawal of liquor from bond. Wil-
liam J. Burns, head of the bureau
of investigation of the Department
of Justice, denied that any con-
nection existed between the arrest
and the alleged giving of information
to Senator Watson.

It was said the arrest was the
solely in the complaint of the ho-
tel.

**RUSSIA NOT TO BE
AT THE HAGUE MEET**

SOVIET FOREIGN MINISTER
SAYS NOTHING POSSIBLE
WITHOUT AMERICA

(BY GENE AND ASSOCIATED PRESS)
BERLIN, June 7.—Foreign
Minister Tschitcherine of soviet Rus-
sia announced here today that he
would not attend the proposed
Hague conference decided upon by
the principal powers, at Genoa to
consider Russian rehabilitation.

He gave as his reason that he
could not longer absent himself
from Moscow, whence he came
two months ago.

The soviet Foreign Minister de-
clared Russia was unwilling to
have foreign countries enter the
country for the purpose of in-
vestigating governmental affairs
and looking into records. He said
the government would be unable
to tolerate any such infringement
of its sovereignty.

In answer to a question regard-
ing Russia's attitude toward Amer-
ica, Tschitcherine said:
"Nothing fundamental can be
accomplished at the Hague. With-
out the participation of the United
States and we trust that its gov-
ernment will change its attitude
toward Russia and decide to par-
ticipate in the reconstruction of
our country."

When asked if Russia had any
plan for encouraging a change in
the American attitude, Mr. Tschit-
cherine said that Russia stood in
the same position it had taken at
Genoa and could not change its
principles. He was hopeful, how-
ever, that the American govern-
ment would see that it must deal
with Russia and would realize that
the present Russian government had
come to stay.

**AGRICULTURE EXPERT
IS DEAD AT CAPITAL**

DR. J. C. WHITTEN OF UNI-
VERSITY OF CALIFORNIA
PASSES SUDDENLY

(BY A. P. DRY WIRE)
SACRAMENTO, June 7.—Dr. J.
C. Whitten head of the pomology
department of the College of Agri-
culture University of California,
died suddenly in Washington, ac-
cording to word received here to-
day by the State Department of
Agriculture. He had been sent to
Washington in the interest of quar-
antine problems.

Dr. Whitten came to the Uni-
versity of California from the Uni-
versity of Michigan, where he
gained fame through his experi-
ments in developing frost-resist-
ing trees. In California he de-
veloped the so-called "long prun-
ing" system for deciduous trees.

TEACHERS WILL GO ABROAD

Exeter Faculties Scatter for
Vacations

Tulare Teaching Force is
Augmented

Visalia to Have Public
Parking Places

(LOCAL CORRESPONDENCE)
EXETER, June 7.—Several of
the Exeter teachers are going far
afield for their summer vacations.
Of the high school faculty, Miss
Long goes to Europe for three
months, Miss Lorrimer and Miss
Collins go to the Hawaiian Islands.
Miss Louise Carter will visit New
York and other points on the At-
lantic seaboard.

Of the grammar school faculty,
Miss Bulah Phillips goes to Rhode
Island, and from there will make
an extended tour for three months.
Miss Louise Carter, a former
Exeter teacher, but now of Oak-
land, will visit Honolulu for six
weeks.

SECRETARY RESIGNS

PORTERVILLE, June 7.—Miss
Ruth Pasko, secretary for the lo-
cal I.W.O.A. for the past year, and
connected with work of the associ-
ation in the county two years pre-
viously, has tendered her resig-
nation, to become effective the
first of July. At that time she
will accompany local representa-
tives to the conference at Allis-
son.

Grammar school students who
failed to pass their grades by a
narrow margin will have the bene-
fit of a six week summer school
course this season, for the first time
in the history of the schools, ac-
cording to announcement by Su-
perintendent Charles E. Brigham.

Mrs. William McAniff will act
as instructor and classes will be
held during the morning hours at
the Morton-street grammar school.
Up to date twenty-three pupils
have enrolled, and many more are
expected.

DAILY BIBLE SCHOOL

DINUBA, June 7.—The daily
Bible school has opened in Dinuba
for a period of three weeks. Pres-
byterian, Baptist and Christian
churches have united in this move-
ment.

The Bible will be used as a text-
book, and its study will be the
main line of instruction, although
craft work of various kinds will
supply "work" for idle hands.
Interest was shown last year
in drawing, sewing, carpenter
work, paper cutting and painting.

The first hour of assembly each
day will be followed by songs,
yells, recitations and dramatiza-
tions of Bible stories and other
features. The school will continue
through the morning hours of week
days, and pupils will be carefully
graded on their work. Prizes will
be awarded at the close of school.

At the high school commemo-
ration exercises cadet officers of
Dinuba High School were com-
missioned as follows: Cadet major,
Stanley Sibley; captain, Com-
pany Twenty-seven, Ernest Re-
dman; captain, Company Twenty-
six, Clarence McIntosh; first lieuten-
ant, battalion adjutant, Ted
Houtter; first lieutenant, Com-
pany Twenty-seven, Oscar Collins;
first lieutenant, Company Twenty-
seven, John Harness; first lieuten-
ant, Company Twenty-seven, John
Harness; first lieutenant, sec-
ond lieutenant, Company Twenty-
seven, Duane McCabe; second lieuten-
ant, Company Twenty-six, Rus-
sell Bailey.

ADDITIONAL TEACHERS

TULARE, June 7.—Fourteen ad-
ditional teachers have been elected
by the elementary school board
to fill vacancies in the elementary
and intermediate schools of Tu-
lare. Several of the new teachers
are residents of Tulare. The list
is as follows: Misses Genevieve
Grove, Santa Cruz; Marie Kirker,
San Juan Capistrano; Mary E.
Anderson, Los Angeles; Blanche
A. Anderson, Hanford; Mary E.
Laden, Long Beach; Madeline Kig-
ling, Hanford; Eva L. Reynolds,
Bakersfield; Kathryn Holladay, Tu-
lare; Elizabeth Brown, Santa Ana;
Margaret Long, Tulare; and Misses
Joan M. Hoyt, Tulare; Arthur
Patterson, Tulare; Clarence Ham-
monds, Lone Wolf, Okla., and Dor-
othy Utter, Tulare.

TO REBUILD MILL

VISALIA, June 7.—B. U. Heber-
ling, proprietor of the Visalia
Planing Mill, destroyed by fire at
midnight, Thursday evening, de-
clares that it will be rebuilt im-
mediately. The mill will be placed
in running order as quickly as
possible. A thorough check is now
being made of the loss.

The loss is said to be very
heavy, insurance of \$7500 covering
only a small portion of the value
of the plant and materials.

Arrangements for the opening
of two parking spaces to help
relieve congestion on the down-
town streets on Saturdays, have
been made through the efforts of
the Commercial Club. The corner
lot on Broadway at East Center
streets and that at South Court
and Asquith streets have been ac-
quired, and will be open to any-
one desiring parking space on Sat-
urdays.

No charge will be made for the
privilege of the use of the spaces
on duty between 7 and 10 p.m.
For some time it has been almost
impossible to find parking space
in the business district on Sat-
urday nights.

**ARIZONA REPUBLICAN
COMMITTEE DELAYED**

(SPECIAL INVESTIGATION)
PRESCOTT (Ariz.), June 7.—
There has been further delay of
the meeting that was to have been
called at Prescott of the executive
committee of the Republican State
Central Committee. Harry
Clark, chairman, passed through
Prescott, but on his way into the
Mogaine mountains on a fishing
trip. While here he stated the
expected meeting hardly could be
held till his return, several weeks
hence, and that it probably would
be held in Tucson or some other
Southern Arizona city in about a
month. Mr. Clark is superintendent
of the Calumet and Arizona
smelter at Douglas.

In his same northern excursion
through Prescott, a member was
Gen. John C. Greenway, general
manager for the Calumet and Ari-
zona Company, and lately a lead-
ing candidate for the Democratic
nomination for Governor in the
Tucson convention.

High Voltage Week for Appliance Men; Price Situation; a \$10,000 per Ton Product

BY CHAPIN HALL

This is "Electric Week." Electric week is an artificial division represented by an invisible line drawn through the calendar by the electrical industry, from June 6 to 10. The idea is to stimulate interest and quicken sales in electrical equipment. It's a good idea, and one that is already thoroughly well understood in this community. Southern California is an electrical as well as a natural paradise. Here we have learned to greet a visit with a familiar slap on the back, and we think more of having a group of amperes in for tea than the school board does of spending \$15,000 a week. The present drive is especially directed towards the June bride and the interests behind "electric week," have been able to impress upon the trade the desirability of wedding presents with wire attachments.

Electrical development has reached its highest manifestation in Southern California and it is the misguided patriot who would delay its further development by introducing Federal socialism does not prevail the next ten years will witness a further marvelous advance.

A speaker at the convention last week said that electricity took more brains to produce and fewer brains to use than any other commodity. Anyone can release its potential powers and possibilities because almost anyone can be taught to press a button. There are 150,000 electrical consumers in California. Thousands of these seldom use a railroad; miles from a gas main and even beyond the reach of telephone, but because of the hydro-electric development they have the splendid advantages and time and labor-saving devices which come from plucking the current from the copper veins.

Wherever there is an electric light plug there is a place for electrical appliances. These appliances will heat or cool the house, cook the meals, wash and iron the clothes, heat the dishes, sweep, conserve the furniture, clean the carpets, curl the hair, massage the face, heat the shaving water, warm the bath, pump the water, light the buildings or do a hundred other things, any one of which would cost \$10,000 to do manually.

The 750,000 consumers in California are served by forty-five power companies, operating from 235 district offices, and every store in the State which handles electrical appliances is taking part in the movement to further interest in the campaign.

It is expected that electrical appliances week, showing it does the convenience of such apparatus in the household, will have a stimulating effect upon the use of electricity, and that the list of consumers will be materially increased.

PRICE SITUATION A definite upward trend in commodity prices is now taking place, and it appears that the long decline has at last been halted. Price changes last week were particularly numerous, but in the comprehensive list of quotations compiled by Dun's there were forty-three advances and only thirty declines. These alterations compare with seventy-one gains and thirty-two reductions during the previous week. In the corresponding period last year fifty-two out of ninety-one changes were downward.

While producers have been carrying out these price advances, retailers have been lowering theirs in order to stimulate sales. This, of course, is not an uncommon occurrence as it usually takes some time before the primary and secondary channels reach a parity with each other. However, another factor enters into the situation, and that is that there is still a marked resistance to higher prices among the ultimate consumers. It is contended in many retail centers that trade is good only when very attractive prices are offered.

The recent cut in railroad freight rates and its effect on prices and trade has been a leading topic in the business world during the past week. In most quarters the cut is expected to stimulate buying to

Farmers Turn to Modern Methods; School Savings; Gospel of Production

The extent to which the farmers of the United States are now utilizing the latest aids which inventive genius has offered to the producing and business world is illustrated by some facts presented in the 1929 census. For the first time, says the Trade Record of the National City Bank of New York, the 1929 census now presents figures on the number of automobiles, motor trucks, telephones and farm tractors in use on the farms of the country, the numbers of farm homes lighted with gas or electricity, and the number of "water pipes" into the house.

These figures, says the Trade Record, indicate that the automobile and telephone are now a big factor in farm life, not merely as a comfort or convenience but as an actual aid in business. The number of telephones, by which the farmer may communicate with his local trade center or with the great cities in which the prices and markets for his products are determined, is officially stated at 2,485,037 in 1929, while another authority puts the total number of phones in all the United States "without regard to ownership" at 3,200,000. The census also shows that nearly one-fifth of the phones in the United States are now in the farm home, and farm business service, while 24 per cent of the reporting farms were equipped with telephone service in 1929.

The automobile statistics are also extremely suggestive. They show the number of automobiles on farms in 1929 at 2,146,182, while figures compiled by automotive industries put the total of automobiles in use in all the United States in 1929 at 7,994,000, suggesting that the farmers owned in that year considerably more than one-fourth of all the automobiles of the country, to say nothing of the 129,000 motor trucks and 240,000 farm tractors, produced in operation on the farms in 1929. Over 30 per cent of the reporting farms in 1929 utilized automobiles.

Still another evidence of the disposition of the farmer to utilize machinery is increasing his new activities is found in the fact that the value of his farm implements and machinery reported in 1929 was nearly three times as much as in 1919, and seven times as much as in 1899.

It is not surprising then, in view of the increasing use by the farmer of these time and labor-saving devices, the telephone, the automobile, the motor truck and the farm tractor, coupled with the enormous increase in his farm implements and machinery, to find that the census reports the value of horses on farms in 1929, only \$1,783,000,000, against \$2,984,000,000 in 1919, a decrease of 34 per cent in value of horses, while in other classes of farm animals increased in value in the same period. The increase in value of sheep being 38 per cent, poultry 141 per cent, cattle 143 per cent, swine, 148 per cent, and goats 184 per cent.

SCHOOL SAVINGS CENSUS The census on school children and their savings, taken each year by the savings bank division of the American Bankers Association, has just been started. It will cover all of these time and labor-saving devices, the telephone, the automobile, the motor truck and the farm tractor, coupled with the enormous increase in his farm implements and machinery, to find that the census reports the value of horses on farms in 1929, only \$1,783,000,000, against \$2,984,000,000 in 1919, a decrease of 34 per cent in value of horses, while in other classes of farm animals increased in value in the same period. The increase in value of sheep being 38 per cent, poultry 141 per cent, cattle 143 per cent, swine, 148 per cent, and goats 184 per cent.

The rapid growth of previous

Water Company Bonds are sure-footed investments

WATER COMPANY BONDS are dependable investments because the business of supplying water to stable communities is about the most dependable of all business activities.

The very nature of the business is such that operating expenses do not fluctuate widely. Taxes may vary slightly and the cost of fuel for pumping may vary slightly.

But the principal element in the cost of supplying water is investment in property for impounding, purifying and distributing water.

To a basically dependable business in California the water company should add the stabilizing power of Railroad Commission supervision. Assuming a fair-capitalization and satisfactory earnings vary in the same proportion as expenses, the investor is always assured of an earning power adequate to meet all charges and a proper balance for surplus reserves.

This is why water company bonds represent the very best type of public service corporation securities. This is why water company bonds are sure-footed investments.

And this is why we unhesitatingly recommended your investment in EAST BAY WATER COMPANY Uniformed Refunding Mortgage 6% Gold Bonds, due 1942 at 100 and interest. Are you in position to take advantage of this offering? Then call on us or let us call on you and discuss the matter.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE)

NEW YORK, June 7.—Higher quotations for various speculative issues dominated by stocks or professional interests, and further irregularity or heaviness among shares of recognized value, featured today's broad—but inconclusive—session of the stock market.

Apart from the lack of public interest, developments were mostly helpful to the market's constructive side. Call loans fell to last month's lowest quotations, supplies of time funds increased, and commercial paper was in better demand.

As an indication of better industrial conditions, still higher prices were quoted for finished products in the Ohio steel district, and from West Virginia came word of the reopening of steel mills after a year of suspended operations.

Dealers reported a steady increase in the inquiry for copper at 14 cents for July and August deliveries and additional advances were announced in other base metals.

In the oil trade, predictions of higher prices for crude and refined products were current.

The major portion of the day's turnover in stocks encompassed the oil, motors, steel and shipbuilding, secondary equipment, chemicals and the industrial miscellany.

Individual features of strength among these shares included Corden, Maxwell, A. and B. Studebaker, which threw off its early heaviness, Laokawana, Midvale and Republic Steel, Lima Locomotive, Ford Motor Co., Chicago and Alton common and preferred, and Iowa Central. Consolidated Gas, Montana Power and Mackay companies were among the strong utilities.

United States Steel eased in the later dealings and Western Petroleum, a majority of the domestic oil and numerous specialties closed at recessions of fractions to a point. Investment rails were sluggish, ignoring better earnings, as illustrated in the case of Seaboard Air Line, where a heavy deficit in 1921 net was replaced by a large gain for 1921. Sales amounted to 1,050,000 shares.

Trading in foreign exchanges was light and the British rate forfeited part of its recent advance on profit taking. German marks were better, although still considerably under their gain of last week. Mixed changes were recorded by allied remittances and similar tendencies were shown by neutrals, aside from the Dutch rate, which was at its maximum for the current movement.

DENOMINATIONS \$1000 AND \$500 INTEREST PAYABLE QUARTERLY

Callable on any interest date at 105 and accrued interest. Interest payable March first, June first, September first and December first at the Title Guarantee and Trust Company, Los Angeles.

TITLE GUARANTEE AND TRUST COMPANY, TRUSTEE

All legal proceedings incident to the creation and issuance of these bonds have been approved by E. W. Sargent, Los Angeles, Attorney for the Trustee. Appraisal of the real property made by Joseph A. Rominger.

EXEMPT FROM CALIFORNIA PERSONAL PROPERTY TAXES

Interest payable without deduction for Normal Federal Income Tax up to 2%

Application has been made to have these bonds certified as a legal investment for Savings Banks in California.

STATEMENT OF VALUE

Cost of Building	Land Value
\$400,000	100,000
Total Value	\$500,000
Bonds Outstanding	250,000
Equity above Bonds	\$250,000

In addition to the above equity there is security of chattel mortgage on furnishings of the hotel and apartments costing in excess of \$100,000.

SALIENT FEATURES

SECURITY: These bonds are in the opinion of counsel secured by a closed first mortgage on the land and building, owned in fee, and chattel mortgage covering the furnishings of the building.

LAND: The plot of ground fronts 135 feet on Ocean Avenue by One Hundred feet on Windsor Avenue, in the City of Long Beach, just east of the Virginia Hotel.

BUILDING: The building, which is completed and will be immediately occupied, is 125 feet wide by 96 feet deep over all, being in the shape of an "H." It is of reinforced concrete construction, Class "A" fireproof, is eight stories high on the South facing the ocean and six stories high on the North fronting Ocean Avenue. It contains 50 hotel rooms, each with private tiled bath, 60 two-room apartment suites, and 18 three-room apartment suites, making a total of 224 rentable rooms.

LEASE: The property is leased for fifteen years at an annual rental of \$50,000. The rents are payable to the Trustee for the protection of the bondholders.

FURNISHINGS: The furnishings cost in excess of \$105,000, fully paid for, and are pledged under chattel mortgage as security for the fulfillment of the terms of the lease. This chattel mortgage is under the lien of the deed of trust securing this bond issue.

INSURANCE: The building is insured against loss or damage by fire and earthquake in the sum of \$250,000. These policies are payable to the Trustee for the benefit of the bondholders.

TITLE GUARANTEE: A mortgagee's policy of title insurance in the sum of \$250,000 has been written by the Title Guarantee & Trust Company of Los Angeles, guaranteeing that this issue is an absolutely first mortgage on the property owned in fee by the maker of this mortgage.

These bonds are offered subject to prior sale and change in price without notice. Orders will be filled in rotation and may be wired or telephoned at our expense.

BOND QUOTATIONS

Investment Market Sound

(BY A. P. NORT WIRE)

NEW YORK, June 7.—Liberty bonds were in the forefront of today's bond market, the average 5 1/2% at 100.14 and the first 4 1/2% at 100.15, establishing new maximums, with moderate advances for a majority of the active group.

Market sentiment was continued to be reflected in the Liberty bond market, with most of the European war bonds showing moderate and occasional strength.

Many of the underlying domestic bonds were higher by large fractions to almost 2 points, the duration again being chiefly represented by Puerto Rico, Mexico, and others.

Indebtedness and utilities were inclined to be weak. Total sales over \$100,000,000.

Many advances of new underwriting continued to the strong time of the investment market. The day's new offerings amounted to about \$20,000,000, these including a Consolidated Gas and Electric Company (California), \$10,000,000, 5% new bonds, and the City of Montevideo, \$10,000,000, 7% new bonds.

New York Bond List.

Here is a Complete List of Visiting Rotary Delegates, Members of Their Partners and Their Home

LOOK HERE FOR OLD FRIENDS FROM EAST
Exclusive List is Published by "The Times" so Whole City Can Greet Guests

Herewith The Times presents a complete list of all the delegates to the International Rotary Convention now in session here, the members of their parties and the hotel or street address where they are staying. The names are grouped under the cities from which they come and the names of the cities are alphabetically arranged. Where more than one of these is a group staying at the same hotel the name of the hotel is given but once, at the end of the list of those at that locality. This list will be of great value not only to Rotarians, but to Los Angeles residents desiring of seeing the visitors from their old home cities.

The monthly report of Register Valentine and Receiver Mitchell of the local Land Office, issued yesterday, shows that there were sixty-five applications for homestead entries received, and that there were fifty-nine applications still pending. Final proofs were made in 193 cases, and 103 homesteads were located. Desert claims, six annual proofs

ERROR CORRECTED

Through an error The Times stated last Sunday, in publishing the names of high school boys who died during the World War, that Edward G. North's death was due to disease. According to his father, Edward North of 441 South Cummings street, Corp. North died of a heart attack as the result of a wound received during the Argentine offensive.

Connection Negative Pole

Mr. Plaut's unsolicited letter, which follows, is based on analysis from two reputable laboratories. The original copies of the analysis, on file in our office, are subject to inspection at any time.

—Make it a holiday. A washing machine saves time and labor. They're advertised, together with all sorts of household goods, in Times' Want-Ads.

GAME CAL

Killefer's Crack Center Fielder Swoops Down on Liner in Ninth Inning and Ruins S

MCABE MAKES A GREAT CATCH

Nails a Line Drive in Ninth With Bags Full

Bumps Into the Fence and is Knocked Out

Angels Treat Seals to a Ball Game

SEATTLE, June 7.—The Seattle Mariners today defeated the Los Angeles Angels 5 to 4 in a game that was as dramatic as a movie. With three Seals stepping on the bases in the ninth and two down, Bert Ellison smote the ball a sharp line drive and it landed in the hands of the crack center fielder, Bill McCabe. McCabe bounded over the greenward with his eyes closed on the ball and playing attention to the fence.

Just as he reached the fence, McCabe bumped into it and crashed into the boards with his head. He fell on his face and did not move. The three Seals stepped on the bases and were hurrying toward the plate when umpire Bill Ryan suddenly waved his hand like the captain at the launching of the ship, signaling that McCabe had caught the ball and that the game was over.

McCabe was hit by a line drive from the pitcher, which struck him in the head. He was hit by a line drive from the pitcher, which struck him in the head. He was hit by a line drive from the pitcher, which struck him in the head.

McCabe was hit by a line drive from the pitcher, which struck him in the head. He was hit by a line drive from the pitcher, which struck him in the head. He was hit by a line drive from the pitcher, which struck him in the head.

YANKS TRIUMPH IN UPHILL TILT

Launch Heavy Attack on Two White Sox Heavies

(BY A. P. NIGHT WIRE)

DETROIT, June 7.—The Detroit Tigers today defeated the Chicago White Sox 5 to 4 in a game that was as dramatic as a movie. With three Seals stepping on the bases in the ninth and two down, Bert Ellison smote the ball a sharp line drive and it landed in the hands of the crack center fielder, Bill McCabe. McCabe bounded over the greenward with his eyes closed on the ball and playing attention to the fence.

Just as he reached the fence, McCabe bumped into it and crashed into the boards with his head. He fell on his face and did not move. The three Seals stepped on the bases and were hurrying toward the plate when umpire Bill Ryan suddenly waved his hand like the captain at the launching of the ship, signaling that McCabe had caught the ball and that the game was over.

McCabe was hit by a line drive from the pitcher, which struck him in the head. He was hit by a line drive from the pitcher, which struck him in the head. He was hit by a line drive from the pitcher, which struck him in the head.

THROW SCARE INTO TENDLER

(BY A. P. NIGHT WIRE)

PHILADELPHIA, June 7.—An explanation was discovered tonight of the origin of what purported to be verification of the rumor that Bobby Tandler, right-handed batter, had died today as the result of the blow to the stomach with which Lee Tender knocked him out in the bout last night. Samuel B. Quinn, attorney for Tandler's manager, Phil Glassman, had heard the rumor and decided to make legal arrangements in case they should be true. He sent one of his men to get Tandler and Glassman. This man, apparently unaware of the rumor, entered Glassman's office and said: "Mr. Bains wants to see you."

Glassman, jumping at the conclusion that this was a confirmation of the rumor, exclaimed: "Bobby is dead!" Both he and Tandler turned deathly pale, and the rumor spread its deep regret. Visitors in the office spread the information in good faith.

Meanwhile Tandler was waiting enough to leave his home in Clifton Heights twice, though the defeated boxer had a slight limp and a swollen nose.

ing Schutte across with the timing run and placing Lafayette on third. With Vernon infield drawn close in like hungry fappers around a plate of ice cream, Manager Howard singled directly over second, scoring Lafayette, while Marrotti chased himself to third. It was a beautiful chase with honors even. Dail out and Glider in. Howard stole second. Roy seemed in a fair way to straighten the mean. Bruaker fouled and Kohler popped.

Krause upset the beans with a two-base Times League that fell just short of Hughes' High's fingertips. Marrotti and Howard scoring. Cooper tripled off the right-field line, and Krause kicked in with another run. This event could have been fair by more than a fraction of an inch. Wills completed the wreckage with a single that scored Cooper, and stole second. Schutte, around for the purpose of casting another vote, struck out.

Vernon poked two away in the eighth on Hyatt's triple and single by French and Lecker. The latter batting for Houck. With Jones pitching Bode walked at the start of the ninth, and took second on Smith's single. Hope began to rise like a batch of fresh dough, after which it subsided like

From an Official Bulletin Home is where the car is. A wise driver maketh a glad auto. Where there's gas there's hope. As the wheel is best so the car will go. To speed is human, to get caught is a sin.—(Boston Transcript.)

HE average American was raised on the idea that the more people who competed for his trade the better off he was. Like many good ideas, it has several sides. They all show themselves clearly in the tire business.

There are three which prefer to compete largely on a price basis. Believing that the public is more interested in the dollars and cents they pay than in the worth of what they get.

On the other hand, U. S. Royal Cords believe differently. And car-owners who use Royal Cords have a plus feeling which they get both from actual experience, and because they realize the integrity of the manufacturer.

People don't think of Royal Cords as high-priced tires. They think of them as better tires.

Prices on United States Passenger Car Tires and Tubes, effective May 8th, are not subject to war-tax, the war-tax having been included.

PASADENA ASKS LOWER RATES

Chamber of Commerce in Protest to Railroads

Revised Figure Shows Four to One for Bonds

Cupid Deprived City of Many Teachers, Says Report

By a "Times" Staff Correspondent

PASADENA, June 7.—The industrial committee of the Pasadena Chamber of Commerce wants the same freight rate as Los Angeles in order to induce desirable manufacturing industries in the proposed manufacturing zone of this city.

The chamber today, through its secretary, William Dunkerley, sent letters to the Santa Fe, Southern Pacific and Union Pacific railroads requesting a joint rate with Los Angeles on all freight, declaring that present rates are prohibitive against the Crown City and are costing the railroads much business because of the large amount of goods shipped into Pasadena by truck.

The letter cites the grain rate from the San Joaquin Valley as an example of discrimination. The rate to Pasadena is 21 cents a hundred weight, and to Los Angeles, ten miles further on, is 21 1/2 cents, the letter says.

The joint rate asked by the chamber would apply only on car-load lots. The letter declares an impartial study of the situation will prove Pasadena's demand to be just and fair.

Secretary Dunkerley said there was no intention on the chamber's part to turn Pasadena into a manufacturing center, but that the manufacturing committee had provided forecasts, which were the basis of the study.

Information About Schools

The Times School and College Bureau will help you secure complete information about any kind of school or educational training. Carefully compiled data are on file from which sources, expenses may be had which will be helpful to you. THIS SERVICE IS FREE. Address, write or call THE TIMES Information Bureau, First and Broadway. Telephone: Pico 700 and 10091.

NIGHT SCHOOL

Night School Sessions from 7 to 9 P.M. MONDAY TUESDAY THURSDAY FRIDAY School Hours Open for Practice After 5 P.M.

ROARING WELL IS CAPPED

(EXCLUSIVE DISPATCH)

LONG BEACH, June 7.—After an all-night struggle seven men from the ranks of the Shell Oil Company's force succeeded in capping the roaring Western Star well at Burnett street and Cherry avenue. It is understood that the achievement of the gritty workers earned them a reward of \$5000, which was offered by the oil company for the conquering of the game well.

Field Superintendent Towell of the Shell Company led the men into the spouting derrick and directed the operation. The closed sides of the rig prevented the oil from scattering and added materially to the difficulty of the work. With the oil flashing against the derrick timbers and dropping down on the workmen in torrents, the seven men set to work to close the well in the belching well.

It was said a compromise proposal was still being considered by both sides.

TEAPOT TEMPER

PASADENA, June 7.—The industrial committee of the Pasadena Chamber of Commerce today with property owners on North Raymond avenue who objected to the proposed narrowing of the street from 15 to 10 feet. "High handed" and "arbitrary" were a couple of the phrases used by the objectors in describing the asserted attitude of City Manager Koller toward the narrowing. The City Manager denied he had been either and asserted the objectors did not represent a majority of the property owners. The matter finally blew over when it was suggested that a new set of petitions be drawn up and circulated to clear up the dispute as to where the property owners stood.

The directors, contrary to expectations, did not settle the "church alley" dispute, which went over for a week. Neither the First Methodist Church, which does not want the alley, nor the business committee, which wants the alley, had provided forecasts, which were the basis of the study.

SANTA MONICA

Santa Monica City Officials Are Marooned

By a "Times" Staff Correspondent

(EXCLUSIVE DISPATCH)

SANTA MONICA, June 7.—Inspecting the U.S.S. Tennessee, now anchored off shore here, proved a tedious undertaking for Mayor Berkeley, Commissioners Carter and Helton and City Attorney Webber yesterday, when they were marooned for more than half an hour in a government launch which stalled midway between the battleship and the shore.

To add to their discomfort, the life preservers, lying near the exhaust pipe of the engine, caught fire and prevented the boat from taking fire.

The accident happened on the return trip. After being tossed by the waves for half an hour, the engineer of the vessel finally got it started and brought them ashore.

Low rates at "Coronado" now. (Advertisement.)

IMPERIAL LAND SUIT

JUDGMENT AFFIRMED

The State Supreme Court yesterday affirmed the judgment in favor of the plaintiff in the action brought by Lillie E. Martin against Peter Barnes, to quiet title to 120 acres of desert land in Imperial county. The judgment of Judge Franklin Cole, sitting at El Centro, was in favor of the woman.

This says the wife, so humiliated.

SANTA BARBARA

Santa Barbara Social Leader Seeks Divorce

(EXCLUSIVE DISPATCH)

SANTA BARBARA, June 7.—Ruth Kennedy Prime, wife of William A. Prime, Jr., of New York, today filed suit for divorce charging Prime with continual intoxication and mental cruelty.

The couple are wealthy New York and Long Island residents and highly connected in the East and England. Mrs. Prime is making her home in Montecito.

They were married in New York on Nov. 8, 1918, the marriage being joined as a secret event. Their children, Pamela Dutton and Margaret Joyce, six and three years of age respectively, are now with the mother, who asks that their custody be given to her. No alimony is asked. Friends explain this by stating that a property settlement has been made by the principals.

Mrs. Prime, in her complaint, states that when she returned from a European visit in May, 1929, they made their home for a time at the Rockaway Hotel, Club at Cedarhurst, Long Island and a few days after her return while she and her husband were dining with Miss Harriet McLaughlin and the latter's brother, Prime asked her: "Why don't you go back to Europe? You can't take my children with you but you can go any time you want as far as I am concerned."

This says the wife, so humiliated.

KNEW ALL ABOUT THE BIG TREES

Young Woman from Boston Told Stage Driver Their "Ready Age"

(LOCAL CORRESPONDENT)

REDLANDS, June 7.—There are a lot of scientists who would like to know as much about the big trees of the Yosemite region as one stage driver there.

Charles E. Anderson, hotel man of San Diego, is visiting here for a few days. He is on his way home from Yosemite. He asked the driver of the stage if he knew how old some of the big trees were.

"Sure I know," answered the driver.

"Well, just how old are they?" asked Mr. Anderson with a smile.

"Three thousand and six years, going on seven," responded the driver. And his positive answer caused everyone in the car to sit up and take notice.

"Just how do you make it out so exactly?" inquired Mr. Anderson.

"Well," said the driver, "about six years ago I drove a smart young woman from Boston through here. What she didn't know hasn't been discovered. She looked at the trees and said they were 3000 years old. And that was over six years ago, so I figure they are 3006 years old, going on 3007."

DENBY TO BE GUEST OF HONOR

San Diego Plans to Greet Navy Secretary En Route to Japan

(EXCLUSIVE DISPATCH)

SAN DIEGO, June 7.—A program of entertainment that will occupy every spare minute of his time has been arranged by the citizens of San Diego for Secretary of the Navy Denby, who, with a party of Army and Navy officers and civilians, will arrive here tomorrow morning on the transport Henderson.

The party is en route to Japan where the members will be guests of Admiral Uru of the Imperial Navy.

A public reception will be tendered the visitors at the municipal pier at 8 a.m. This will be followed by a parade through the business district. The Secretary then will inspect the naval establishments, and at noon will be the guest of honor at an open-air luncheon at the marine barracks, where tables have been spread for 1000 persons. A review of units of the several branches of the service will follow, and during the afternoon, Mr. Denby will continue his tour of inspection.

The social feature of Mr. Denby's visit will be a ball at the Civic Auditorium tomorrow night. Friday morning the Secretary will make additional tours of inspection and in the afternoon, will greet the general public at a lawn fete in Balboa Park.

A squadron of airplanes will fly fifty miles to sea to escort the Henderson into port. An aerial review, the first to be held here since the armistice, will take place during the luncheon tomorrow. The Henderson will sail Friday night for Japan.
